Latrice will make the final call as to what is reasonable to pay. If they want to finalize – just put the comment about the CO will determine final costs. Ginny will check for comments - thanks

**JoAnn:**

**Please see attached 1900-55. It has the pending charge in it for the buyout cost for the replacement equipment. I believe that EPA has a BPA with Scott so we may be able to determine the BPA cost for the equipment that is included.**

**It does not look like they have completely determined the depreciated rate for each piece of equipment.**

**I suppose we need to talk at some point about this equipment and the resolution. I indicated that this needs to be resolved with the CO.**
